Portfolio | LinkedIn | Github | Expo | Replit   Indirapuram, Ghaziabad, U. P

*Diligent software developer with 3+ years of experience in web design and development. Proficient in building **scalable web applications** using **MERN** stack. Familiar with building **mobile applications** using **React Native**.*

*Developed an e-commerce webapp, admin dashboard panel, landing pages, browser extensions and APIs. Adept in an assortment of technologies, including **Javascript**, **Reactjs**, **Nodejs**, **React Native**, **MongoDB**, **Pug**, **Python** and **Kaboomjs**.*

INTERNSHIPS

SUBZCLICK PVT. LTD, Remote   **Dec'20-May'21**
Role**: Fullstack Developer Intern**
Tech Stack: **Node**, **Express**, **MongoDB**, **React**, **Bootstrap**
- Contributed in developing back-end for the official web and mobile app. Used Node.js and Express for building the **API** and MongoDB for storing data. **Fixed bugs** and implemented enhancements that **improved web functionality**.
- Worked well **independently** to develop and deploy a user-friendly landing page within a short span of **5 days**. Used **Bootstrap** for building the website and making it responsive across all devices. Link
- Developed dynamic and interactive web apps for clients on **Reactjs**. Adhere to deadlines with **100% on-time delivery**.
- **Single-handedly** built **browser extension** which verified the user with an OTP. Used Javascript, jQuery and AJAX to develop the extension.

VED WORLD PVT. LTD, Remote   **Jul'20-Dec'20**
Role**: Frontend Developer Intern**
Tech Stack: **React, Reactstrap, Bootstrap, E-commerce**
- **Designed and developed** the front-end of the official **e-commerce** platform of the company. Used Reactjs for development and Bootstrap for styling the web app. Link
- Integrated "**Razorpay** - India's Payment Gateway for India" with the front-end for managing payments. And "**Delhivery** - an e-commerce logistics" for managing the delivery requirements of the company.

ACROSS THE GLOBE, Remote   **Jan'20-Jun'20**
Role**: Software Developer Intern**
Tech Stack: **Browser Extension, Javascript, AJAX, jQuery**

- **Automated** tedious tasks by developing browser extensions which **saved 90% of employees' time**. **Solely** managed the project from start to finish. Used Javascript and jQuery to build the extensions.

SKILLS

- ➤ **Frontend – React, React Native, Material UI, HTML/CSS/JS, jQuery, php, Kaboomjs**
- ➤ **Backend – Node, Express, MongoDB**
- ➤ **Familiar with – Python, Data visualization, Statistical tools**
- ➤ **Git version control**

ACHIEVEMENTS

- Published **research paper** on the project "Soil Health Monitoring System". Link
- **Tech Savvy'19** contest **1st runner up**. A team of 4 engineers built the project "Soil Health Monitoring System (SHM)". Worked as a **Software Developer** for the team.

- Acquired **1st position** in **Smart India Hackathon'20** in college for the project SHM and cleared the first round.
- **Campus ambassador** of **Robothlon 2019**, Rendezvous at **IIT Delhi**.
- Acquired **1st position** in **Full Throttle Competition** at Innova'19 the Techno Management fest of DTU.
